NO. 16

## KINGSVILLE.

The Temperance Union here is manifestly accomplishing some good. New, and badly needed side-walks and a new culvert near W. L. McCarty's store are under construction.

W. L. McCarty with the assistance of his two salesmen, C. G. Baker, and E. W. Creighton, sold \$400 worth of goods Saturday.

Some cowardly fellow threw a stone at Dr. J. W. Acton's house, while the family were at church, breaking a window pane. The doctor offers \$5 for a clue.

Since we have had so little of spring, summer will probably wear out its welcome. Apple blossoms have superceded the snow and we welcome the change from the beautiful to the lovely.

Elder H. K. Berry, of Henderson, filled his appointment at the Christian church Sunday. His congregation Sunday evening numbered 390. The Christian church is about to re-organize a Christian Endeavor Society. Prayer meeting will be held on Sunday evening hereafter.

Our colored population is rapidly increasing. Clabe Rose, widower with one child, married a widow of Casey, with five children and will reside here, having "taken rooms" with Uncle Joe Adams. We congratulate Clabe, who deserves it. Being a first rate banjo picker we may look forward to a "banjo contest."

Mr. Wm. Murphy, Sr., continues very ill with a complication of diseases. Stephen Blankenship is suffering from mental trouble and it is thought will have to be committed to an asylum. Mr. Will King might have been called the "hatless man" Saturday evening when he lost his hat while listening to Mr. Berry during church services.

Miss Effie B. Carey has returned from a visit to Ludlow and we might further state that the choir service at the Christian church is still better since her return. Mrs. B. C. Pennybacker and son, Claude, who has been the guest of his mother here, left Tuesday to visit relatives at Knoxville. J. E. Creighton returned from a visit to Lexington Monday. Mrs. A. P. Hunn and baby, and Miss Lena B. Reynolds, of Stanford, were the guests of friends here. Miss Clara Dunn has gone on an extended visit to Covington. Mrs. Jas. Robinson and children have returned from a pleasant visit to her mother and sisters at New River, Tenn. Mrs. Robinson's sister returned with her and will keep house here. Wallace Walter was over from Stanford a few days since. D. M. Creighton went to Somerset Monday. Mrs. W. L. McCarty and little son have returned from a visit to Mrs. O'Bannon and family, both very much improved in health under the treatment of Dr. O'Bannon. Master Lawrence Williams has returned from a visit to relatives at Eubanks. Mrs. B. G. Allen, of Somerset, was the guest of her mother, Mrs. Pennybacker. Thomas F. Johnson and family and sister, Miss Bella Johnson, left Sunday for Hood River, Ore., to locate. T. F. Johnson's sale, which took place last Thursday, was well attended and prices were high. Irwin Yocum and family, of Casey, have moved into the house vacated by Thomas Johnson.

"NINE LIVES."—It is said a cat has nine lives and this fact can be proven by Mr. James Powell, of Hustonville, who has a black cat living its second. A few nights ago he heard his dogs barking and upon going to them found it to be his black cat—as he thought. He "blessed" his dogs and in a moment more one life was ended. Mr. Powell is very kind to his dogs and cats and always feeds them after each meal. Imagine his surprise on stepping out of his dining room the next morning and seeing the cat standing before him. We believe Mr. Powell to be a very truthful man, but what is the matter in this case? A FRIEND.

## WALKS WITHOUT CRUTCHES.

I was much afflicted with sciatica, writes Ed C. Nud, Iowa, Sedgewick County, Kas., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons and all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm. 25c, 50c and \$1 at Penny's Drug Store.

## CHURCH MATTERS.

Rev. T. A. Bracken, an aged and popular minister, died at Lebanon. Rev. J. W. Hagin's subject Sunday morning is, "Our Horizon;" evening, "Christian Freedom." The morning services begin at 10:45 and evening at 7:30.

She was a maiden fair to see,  
In fact, she was a peach;  
But she grew upon a family tree  
And was beyond my reach.

## IN MEMORIAM.

CRAB ORCHARD, KY., Apr. 20, '02.

The recent death of George Lee James caused more general, universal sorrow at Crab Orchard than has pervaded this community for years. Men and women, grown people and little children, black and white, mingled their tears over the bier of the pale, wasted form that had suffered so long and so patiently. There were men at that burying I never saw in a cemetery before. Could the tender care of loving sisters, a tender, trained and faithful nurse, the skill of medical science, and the buckle of experience have averted the blow, George Lee would not have died. But, alas, Death was inexorable. And Death, always cruel and relentless, was unusually so in this instance.

Now and then the implacable monster would sound a truce, lulling the friends of his victim into false hopes that he would perhaps spare their loved one this time. This truce, when broken, made the grief more poignant, the bereavement greater, and now no agony can assuage our grief. From affection's circling ring the loved ones are falling. How inappropriate the time! The spring of the year—the bloom and morning of youth! Why not decrepit old age your victim, and the cold snow of winter your winding sheet? Why at such unseasonable times do you enter our homes and pluck with your cold fingers our tenderest buds, and wither our most beautiful flowers with your chilling breath? Oh, Death! your victim feared you not, but you have broken the hearts of his friends. He lay like a pale young warrior taking his rest. Let him sleep on, no evil betide him. And his friends who sailed away on the billows of Time will ere long in their turn be brought by their friends and laid beside him.

Although the deceased was but 33 years old, he was a veteran of two campaigns! A hero in avenging the Maine and the liberation of the Queen of the Antilles; and after discharge for total disability, at the expiration of his term of service, he miraculously regained his health and re-enlisted, and while on the post of duty in the far-off Philippines—13,000 miles from his native land—he fell from the stroke of an equatorial sun. From this he never recovered, but after long lingering and much suffering the flickering lamp of his young life was extinguished in death. And although his numerous friends at Crab Orchard and Stanford by letter, by telegraph and by petition importuned the administration to do tardy justice to the gallant young soldier before he died, that he might know he was remembered by a grateful government, for which he had given his life, no recognition came. All were too busy adding a \$5,000 pension to the \$210,000 private fortune of the widow of the President. Perhaps his services to his country would not have gone unrequited had he been one of the 3,000,000 that fought to destroy the South and the institutions of our fathers.

But we will not upbraid. With sorrow for the dead and sympathy for the living we shall close this tribute to one whose untimely death has clothed all our homes in mourning and draped our hearts with deepest sorrow.

Let his affectionate, heart-broken sisters, relatives and friends strive to meet him in that "New Bright World," to which his noble spirit has flown. For he left the earth with no blot on his name; and went straight to Heaven from the death-bed of pain.

FONTAINE F. BOBBITT.

A THOUSAND THANKS.—The News has always been a little partial toward the INTERIOR JOURNAL—entertaining, as it does, a profound admiration for the Walton brothers. Ed C. Walton is without doubt getting out the best country paper in the State, and it is encouraging to read the news paragraphs he prints about oil development in Lincoln and adjoining counties. There is every indication, according to the judgment of oil men from Pennsylvania, that Lincoln county will turn out to be one of the best oil fields in the State. The INTERIOR JOURNAL has a reputation for conservatism; and the News is glad to see it paying some attention to oil news. The State now has a splendid opportunity to come to the front commercially.—Barbourville News.

## BETTER THAN PILLS.

The question has been asked "In what way are Chamberlain's Stomach and Liver Tablets superior to pills?" Our answer is: They are easier and more pleasant to take, more mild and gentle in effect and more reliable, as they can always be depended upon. Then they cleanse and invigorate the stomach and leave the bowels in a natural condition, while pills are more harsh in effect and their use is often followed by constipation. Louisville lost her first game of the season and Kansas City beat her 16 to 6.

Col. D. G. We deprecate the murder as much as does the Commonwealth."

Berry Howard testified in his own defense at Frankfort Tuesday. He was on the witness stand for three hours, and was nervous under the cross-examination of the Commonwealth. He either denied or said he could not remember the statements made by the chief witnesses for the prosecution. He testified that he was in the left lobby of the House when the assassin's shot was fired, and several witnesses corroborated him in that statement. He asserted that he spent the night of the day of the shooting at a hotel with Jim Howard, thus contradicting the statement of Jim Howard, who has testified on two occasions that he spent the night on the Capitol grounds. The defendant denied that he was elected captain of the mountain men at the Agricultural building, but this statement was contradicted by one of his own witnesses who testified later.

# THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 2d District, subject to the will of the democracy.

H. H. HENNINGER,

Of Wayne County, is a candidate for State Treasurer, subject to the action of the Democratic party.

THAT the republicans are at sea with no pilot whatever, is shown by the following interview with a prominent Washington republican. He says: "Not in 10 years has there been a time when the situation in National politics was as threatening for the republican party as at present. We are just preparing to go before the country for the election of a new House of Representatives. Apparently it will be 1890 over again. How are we preparing for it? We seem to have no leader. The republicans in the House are a leaderless mob. A minority of the republicans there combine with the democrats and that is an end of party responsibility and party discipline. Exactly the same situation prevails in the Senate. There is no leader, and a few Senators who were elected as republicans, stand ready to form an alliance with the democrats—if, indeed, the alliance has not been formed already—to overthrow the policy of the administration and bid defiance to party authority. How is it to end? Unless the big men of the party come to their senses, it will end in disaster after disaster and loss of the presidency in 1904."

The following is a portion of a card printed by Dr. W. C. Roberts, president of Central University, in the Danville News, which is self-explanatory: "I say, without fear of contradiction, that I did not utter in Pabst Theatre a single sentence published in 'the special from Milwaukee.' Nay, further, I said nothing there that could be fairly construed to mean anything like it. The services, though, in the theatre were strictly religious, and I simply preached the sermon on the occasion. I delivered the identical discourse on 'Influence,' which I preached in the First Presbyterian church of Danville on Feb. 11, 1900, and which I preached last Sunday, April 20th, at Lancaster, as an installation sermon." The doctor also prints in the same paper his sermon delivered in Milwaukee to further prove that the charge that he spoke derogatory of the South and Southern people is untrue. We are indeed glad to know that the distinguished gentleman is not guilty.

REPRESENTATIVE ED PARKER, Laurel, candidate for Congress in the 11th against Congressman Boreling and former Congressman Colson, has appealed to the republican State central committee for an adjustment of certain rules made by the republican district committee, which Mr. Parker claims are grossly unjust and unfair to him. Mr. Parker says the Congressional committee is made up of Federal officeholders and men who are controlled by Federal officeholders, and that they are trying to take from him a nomination which he has already won. Mr. Parker also claims that he has been treated unfairly because it had been generally made known that his name would appear on the ballot in the primary Aug 4 under the device of a barefoot boy and that it has been decided that no device shall appear on the ballots.

THERE are 125,000 or more ex-Con federates and visitors at the reunion at Dallas, Texas, and the grand old boys that wore the gray are having a glorious time. They can not, in the nature of things, have many more meetings and here's hoping that the Dallas reunion will prove the most enjoyable one ever held. The Dallas people are doing everything possible for the delectation of their distinguished guests and truly the "big pot is being put in the little one" for the old heroes who fought so gallantly for the cause that was lost.

A CHEMIST has recently made the discovery that the average human being is worth about \$18,300 from the chemical standpoint. He says that the human body contains three pounds and 13 ounces of calcium, and calcium, just now, is worth \$300 an ounce. If this is true the majority of us are better off than we thought. The trouble though is, how the deuce are we going to get at our calcium to sell it. Most any of us could spare an ounce or two of the valuable stuff if we only knew how to get it ready for the market.

THE Baptist churches at Richmond, Va., have set an example that those of all denominations might emulate with credit to themselves and glory to God. There are 25 of such churches there and within the last quarter of a century every one of them has built a new house of worship or is now arranging to do so. Indeed one congregation has built three, and four have built two each. The Richmond Religious Herald estimates the amount of money thus spent at very near \$500,000.

Senators Hoar and Tillman had a little war of words in the Senate during a discussion.

GOV. BECKHAM'S appointment of James M. Benton, of Winchester, to succeed the late Judge Thomas J. Scott, is an admirable one. There are few better lawyers or judges of law than Mr. Benton, who will adorn the bench of the 25th judicial district.

## POLITICAL.

Gum Shoe Hunter will likely resign as Minister to Guatemala. Capt. Clark has declined to go to the coronation of King Edward and Rear Admiral Watson has been named in his stead.

The Senate passed the river and harbor bill without discussion. The measure carries appropriations of about \$70,000,000.

The prohibitionists of Indiana have nominated candidates for representatives in Congress in each of the 13 districts of the State.

The Franklin county grand jury failed to return an indictment in connection with the mysteriously missing Faris registration bill.

Representatives Joseph W. Babcock, of Wisconsin, and Amos J. Cummings, of New York, are dangerously ill in Washington and the death of each is not improbable.

By direction of President Roosevelt, the acting secretary of war has addressed a letter to Gen. Funston requesting him to cease public discussion of the situation in the Philippines.

Charges of "gross immorality" have been preferred against Gov. Davis, of Arkansas, by the second Baptist church at Little Rock, of which he is a member. He is accused of indulging in the "most disgraceful drunken orgies."

Representative Richardson introduced a resolution providing for an inquiry in the recent increase in the price of meats. Mr. McDermott, of New Jersey, introduced one abolishing duties on meat and poultry imported from foreign countries.

The House rejected claims aggregating \$1,800,000 attached to the Omnibus Claims bill by the Senate and then non-concurred in the entire Senate amendment, sending the bill back to conference. The Military Academy bill was passed after cutting the cost of the improvements at West Point.

The News was favored with a call from that staunch democrat, Hon. R. C. Warren, of Lincoln. Mr. Warren has traveled over several counties of the district and expressed himself as well satisfied with his prospects for the Congressional nomination. He said he had no disposition to begin an active campaign until Representative Gilbert's return to Kentucky, which we are informed will not occur before the first of June.—Danville News.

In the course of the debate in the House on the military academy appropriation bill, Mr. Gilbert, of Kentucky, vigorously denounced reflections cast upon Kentucky and the South in connection with the Negro. He said that the South looked with supreme contempt upon the social equality of the races. He said that the "talent in the blood" could not be cried down and that the prejudice was equally as strong in the North as in the South.

There is one thing certain, if the democrats honor the Hon. R. C. Warren, of Lincoln county, he will make himself heard at least in very short order. He has a voice like a calliope and when he spoke at one end of Pennsylvania Avenue, he could be heard at the other. In addition to a stentorian voice, Mr. Warren has brains and a personal magnetism and power that would take him to the front before the end of his first session. Mr. Warren is invincible in a number of the counties of the Eighth district and Mr. Gilbert and the other candidates had better look a "leedle oud."—Lexington Democrat.

U. at Lexington, is at home for a short while. Clarence Coleman, who has been holding a lucrative position with the Somerset Journal, but now with the former state king of Casey, Mitchell Taylor, spent a few days at home this week. The infant son of Mr. and Mrs. Spurgeon Sympton, is very ill at this writing, but it is to be hoped that it will be on the road to recovery by the time this goes to press. Mrs. McD. Royalty is visiting in Danville.

The court of appeals affirmed the judgment of the Boyle circuit court in the case of the L. & N. vs. John Shumaker's administrators. Shumaker, a brakeman, was killed in 1898. There have been three trials of the case. First a judgment of \$15,000 was awarded; this was set aside. On a second trial of the case a \$10,000 judgment was reversed by the court of appeals. The court sustains \$5,000.

## GOOD FOR RHEUMATISM.

Last fall I was taken with a severe attack of muscular rheumatism which gave me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this remedy I was much better, and after using one bottle, was completely cured. Sallie Harris, Salem, N. J. For sale by Craig & Hocker, druggists.

## It's Impure Blood.

"What is it?" asks the mother as she notices the smooth skin of her child marred by a red or pimply eruption. It is impure blood, and the child needs at once to begin the use of Dr. Pierce's Golden Medical Discovery, the best and surest remedy for impurity of the blood. It entirely eradicates the poisons which corrupt the blood and cause disease. It cures scrofula, boils, pimples, eczema, salt-rheum and other eruptive diseases which are the direct result of impure blood. It enriches as well as purifies the blood.

"Dr. Pierce's medicine has not only benefited me greatly, but it has done wonders for my two sons," writes Mrs. M. Hartrick, of Denmar, Oswego Co., N. Y. "Each had scrofula. I have lost two daughters in less than five years with consumption and scrofula. My eldest son was taken two or three years ago with hemorrhage from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery, and has not had a hemorrhage in over a year. My younger son had scrofulous sores on his neck; had two lanced, but has not had any since he commenced to take your medicine."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

A 1008 page book, free for the asking. You can get the People's Common Sense Medical Adviser, the best medical book ever published, free by sending stamps to pay expense of mailing only. ### A VALUABLE MEDICINE.

For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs and colds," says Chas. M. Cramer Esq., a well known watch maker of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine and they are all as well pleased as myself over the results." For sale by Craig & Hocker, druggists.

Sired by Rienz (full brother to King Rene), 1st dam by Belmont Forest, son of Belmont, 2d dam by Garrard Chief, sire of Basil Duke, 3d by Boner's Gray Eagle, 4th dam by Copperbottom. Pence is a horse of great natural speed; has a record of 2:30 as a 3-year-old and has shown trials in 2:10. Pence is one of the best breeding horses for high-class eastern horses that has ever been in this county.

Will make the season at our stable at \$10 to insure. Money due when colt is foaled. If mare is traded or moved from locality season is due and must be paid. Mares kept at reasonable rates. No responsibilities for accidents. J. R. & E. H. BEAZLEY.

**KING EAGLE.**

King Eagle is 15 hands 3 inches high, dark bay, with flowing mane and tail, goes all the gates, with plenty of speed, style and by. Sired by Lion, 3d dam by Harris' Denmark, 4th by Miller Denmark, 4th dam Jim Bell, thoroughbred.

None. -Royal King was sired by the great On Time. He is a full brother to the great Silver King and Ailie G., the great show mare that sold for \$1,000. King Eagle's 2d dam is the dam of Minnie Boyd, the great show mare that Matt Olsen won everywhere with in 1895 and sold for \$500. King Eagle will make the season at our stable 2 1/2 miles west of Stanford on the Shelby pike, at the low price of \$10 to insure a living colt.

Will also stand the noted mule and jennett Jack BILLY KEENE, at \$8 for mares and \$15 for jennetts to insure a living colt. Billy Keene was sired by the great Tom Keene. First dam by Burris, he by the imported Palermo, 2d dam by Levi Hubbs' Prince, the sire of Joe Blackburn and Brignolia. Billy Keene stands full 16 hands high, black with white points, and as a breeder he is unsurpassed as a mule or jennett Jack. His colts will show for themselves.

Will also let that great 3-year-old Jack JIM KEENE stand 20 mares at \$5 to insure a living colt. Jim Keene stands full 15 hands and 2 inches high, black with white points. He was sired by the great Billy Keene. Mares traded, ported with or bred elsewhere forfeit the insurance and money becomes due at the time of such transaction. For further particulars, address S. T. HARRIS, Stanford, Ky.

## TWENTY-EIGHTH DERBY.

Louisville meeting begins Saturday May 3. Greatest ever held in Kentucky. One far round trip on Derby Day, May 3, Clark Day, May 10, Nursery, May 17 and Kentucky Oaks, May 24; on other days a fare and a third. The running of the Kentucky Derby is to Kentucky what the Coronation is to Great Britain, for since '75, when the great Aristides passed under the wire a winner, interest in that event has been annually augmented, until every lover of that noble animal, the horse, awaits with unusual anxiety the decision of that classic race in which the entire continent is concerned. Derby day is a gala holiday in Kentucky, and on the afternoon of May 3rd thousands of people will see 10 or more of the best three year-olds of the East or West face the flag in the 28th annual event. This blue ribbon event will mark the opening of the 19 days' racing with a stake each day, in which the best weight-carries of the West will participate. The New Louisville Jockey Club has found it necessary to add more stable room, so great has been the demand for quarters from horsemen all over the country, and on the day of the opening more than 1,000 thoroughbreds will be at Churchill Downs to contest for the liberal stakes and purses offered by the club. Not less than six races will be on each day's card, with liberal additions to the purses. The railroads made a rate of one fare for the round trip on Derby Day, May 3rd, Clark Day, May 10, and Oaks, May 24, while on other days a fare of one and a third will be given. This is the cheapest rate ever offered to see these big racing events. The Derby offers a better race than for years, for besides the 10 or more high class colts that will start, the race will be an open one, thereby increasing the uncertainty of the result and adding interest to the event. The stakes constitute the best offered in the West and the Gentlemen's Cup Race on May 23, which has become such a feature, will have nearly a dozen gentlemen riders.

## Items From Somerset.

SOMERSET, April 24.—As this is my last day in Somerset and I have a few minutes of leisure, I will drop the I. J. a few lines. I go to Burnside today to accept a position with Mitchell Taylor at that place. It is with regret that I leave the Journal. My relations with Mr. Campbell have been most pleasant. I may be making a mistake in quitting active newspaper work for the sake of a few extra paltry dollars, though I trust not. However in this day of hustle and bustle and race of life it seems foolish to me—indeed if one doesn't look out for his own interests—and it is for that reason alone that I—though with some reluctance—accepted Mr. Taylor's proposition. However I am not an "ex" by any means—neither will I quit newspaper work, but will represent the Somerset Journal in all its interests at Burnside. I will edit the Burnside department of the Journal. Somerset suffered another conflagration Monday night when the large lumber mills of Soule & Elrod were burned with a quantity of lumber. The railroad company did valiant service in quenching the flames. The company's loss is about \$5,000.

Dr. John Ross, who had been in feeble health for several weeks past, died suddenly at the Colyer House Monday night. While his principal ailment was pneumonia it is thought that heart failure hastened his demise. He was 69 years of age and had been a regular practitioner until failing health. Funeral exercises Wednesday at the Colyer House. C. C.

## LAND, STOCK, CROPS, ETC.

Louisville can get the coming State fair by providing a guarantee fund of \$10,000.

John Cook has farmed out his Percheron stallion to John Bell Jones, of Somerset.

Charles Lutes is in Cincinnati with two car-loads of hogs he bought in Adair and Russell at 54c.

A bunch of 1,500-pound cattle sold at 72c at St. Joseph, Mo. This is the highest price ever recorded there.

Some corn has changed hands lately at \$2.50. There is a great deal more corn in the country than many think.

Horace Bowman purchased of George Cogar the M. M. Leach property on Main Street, for \$3,600.—Danville News.

B. F. Sanders & Bro. bought of Fred Forsythe and Kit Chinn 200 180-pound hogs at 54c. W. C. Carpenter bought 40 shoats for July delivery at 6 cents.—Harrodsburg Herald.

I will stand my jack, Jim Porter, at my farm 4 miles East of Stanford on the Preachersville & Stanford pike at \$7.50 to insure a living colt. Mares only served. Money forfeited if mare is moved or traded, without satisfying me, mare is not in foal. Silas Anderson. 3t.

## BEAUTY AND STRENGTH.

Are desirable. You are strong and vigorous when your blood is pure. Many—nay most women, fail to properly digest their food and so become pale, sallow, thin and weak, while the brightness, beauty and freshness of the skin and complexion depart. Remedy this unpleasant evil by eating nourishing food and taking a small dose of Herbine after each meal, to digest what you have eaten. 50c at Penny's Drug Store.

## MT. VERNON.

Wednesday night we heard the first whippoorwill's song this Spring and he was using his whip at a lively rate.

Students of Collegiate Institute are making big preparations for commencement, which takes place April 27th to May 1st.

Franklin's ginseng garden enterprise is looming up. A colored boy named Cruse, at Crab Orchard, died Tuesday night shortly after eating a hearty supper.

J. T. Cherry and other Brodhead parties have formed an oil company and will organize at an early date. Your correspondent is mapping the territory in this county for oil leases.

The telephone situation here is very encouraging to the manager, who has devoted his time to that enterprise for past three years. Within next two weeks the county will be thrown open to subscribers at \$1 for residences and \$1.50 for business and professional houses and offices.

Tom Hackley, of Lincoln, who has been on the Western coast of Oregon since last December, still tantalizes his kindfolks here with tales of his wonderful catches of big fish, crabs and shell fish; of killing deer, bears, mountain lions, etc. Says he may remain there three years. Is making money from his expedition by the sale of game, fish, etc.

William Hix, the West Virginia merchant and oil king, is a native of this county and, before the Middleboro boom, worked in a furniture factory here at 50 cents per day. We had thought that every place in our county had been leased by oil men, but find that the county clerk and deputy are still rushing their pens to keep up the records in that line.

J. A. Landrum, railroad agent here, had his foot severely mashed by a heavy iron falling upon it Monday afternoon. Joe Newland, of Crab Orchard, is running depot for him. Joe McKee, an employee of the Langford quarry, while assisting in pushing a car, fell and the wheels passed over his foot, crushing it so badly that the doctors had to amputate it from instep to front portion of bottom of heel.

One of our friends lost two nights sleep because we failed to state in our last letter, when giving longitude and latitude, of Mt. Vernon, whether it was East or West longitude and if it was North or South latitude. Any child that has studied a primary geography, even for a few days, knows that we live North of the Equator and don't live in Europe or Asia and should also know that the "cheapest and best," the INTERIOR JOURNAL, is published in Kentucky.

The oil fever is on here now and is engaging the attention of our people. No excitement on the subject, however. It seems to be a plain proposition. No one here doubts that there is oil in vast quantities in our county and a number of our business and professional men and farmers are working to develop the territory. Oil men from other States are here leasing and buying leases and everything looks favorable for an early start on several wells, which no doubt will prove to be the biggest thing for Rockcastle that ever happened.
